FOREWORD

Iris are becoming more lovely and worthwhile each year. Many fine varieties can be purchased at reasonable prices. Look over your iris at blooming time, discard the poorer varieties, and replant with the better kinds. See them in bloom, if possible, in making your selection. All plants we send are blooming size divisions, not 1 yr. small side shoots. Bearded Iris want sun and good drainage. Ground limestone, super phosphate and old manure are good fertilizers.

TERMS

Cash with order, or roots will be sent C.O.D. if a 25% deposit is made. No order accepted for less than \$2.00. Ohio customers add sales tax.

Shipments - Bearded Iris are shipped from July to early October. None sent in spring. Beardless Iris are planted in early spring or fall. All freshly dug on order.

Postage - All items prepaid on orders of \$3.00 and over, except for mass planting or mixtures. Orders of less than \$3.00 must include 25¢ for postage.

Location - We are located on the Three C Highway (State Route #3) about 10 miles from the business center of Cincinnati, and the Kenwood bus passes the place. You are cordially invited to visit the gardens at any time.
